## **Foundation Commemorates Dr. King’s Green Legacy with 8<sup>th</sup> Annual “We Love America Healthy, Clean and Green” Calendar**

**(Houston, TX)** Recognizing the positive impact we can make together, [The Honey Brown Hope Foundation](#) is pleased to partner with sponsors, [FairmountSantrol](#) and Walmart, to bring about environmental awareness and diversity appreciation through the organization’s 8<sup>th</sup> Annual “We Love America Healthy, Clean and **Green**” calendar.

This diversity and environmental calendar release celebration is a tribute to Dr. Martin Luther King, Jr.'s effort to keep the environment clean by obtaining fair wages for sanitation workers, Earth's caretakers. It is designed to encourage everybody to mind their environmental business by working for clean air to breathe, water to drink and a neighborhood safe from toxins.

The free community event is hosted by education partner, The Imani School (**12401 S Post Oak Rd, #A, Houston, TX 77045**), **Saturday, January 24, 2015 from 11:30 am - 1:30 pm**. During the event, a 2015 "We Love America Healthy, Clean and Green" calendar will be given in exchange for a 2014 calendar or any recyclable item. Additionally, Houston's diversity will be celebrated through dance, songs and dramatic presentations.

“There is nothing more powerful than the collective action of people working for the betterment of our planet,” said Tammie Lang Campbell, founder and executive director of Honey Brown Hope Foundation. “The “We Love America Healthy, Clean and Green” calendar is designed to bring attention not only to the problems we are collectively creating, but also to motivate us to collectively forge a sustainable future.”

The 2015 calendar captures the beauty of our city 365-days a year. It features diversity and environmentally friendly tips from Honey Brown Hope Foundation Founder and Executive Director Tammie Lang Campbell; an educational glossary of diverse holidays; environmental photos from The Imani School, Varnett Public School and Thurgood Marshall High School; and a message from Councilman Larry Green. The Foundation hopes that this calendar will be useful in scheduling and/or planning diversity appreciation and environmental awareness initiatives, as well as, inspiring all to preserve Earth for future generations.

"A bright future for humanity starts with encouraging everyone to engage in an environmentally responsible lifestyle," states Councilman Larry Green, District K. "That's why I am pleased to underscore and support the work that both The Honey Brown Hope Foundation and its Founder and

## About the Honey Brown Hope Foundation

The Honey Brown Hope Foundation is a nationally recognized, award-winning 501(c)3 non-profit organization that has served youth and their families for over two decades. The Foundation's causes are as sweet as honey because they promote Hope. Hope is what we offer and hope is what we nurture in young people. The Foundation keeps hope alive through diversity appreciation, cultural awareness, environmental stewardship, drama, parenting, character building, writing, social justice and voter empowerment programs. For more information, visit [www.honeybrownhope.org](http://www.honeybrownhope.org) and connect on [Facebook](#), [Twitter](#), [YouTube](#) and [LinkedIn](#).

## About Fairmount Santrol

[Fairmount Santrol](#), formerly Fairmount Minerals, is a leading provider of high-performance sand and sand-based products used by oil and gas exploration and production companies to enhance the productivity of their wells. The company also provides high-quality products, strong technical leadership and applications knowledge to end users in the foundry, building products, water filtration, glass, and sports and recreation markets. Its global logistics capabilities include a wide-ranging network of distribution terminals and thousands of rail cars that allow the company to effectively serve customers wherever they operate. As one of the nation's longest continuously operating mining organizations, Fairmount Santrol has developed a strong commitment to sustainable development, environmental stewardship, and operational safety. Correspondingly, the company's motto and action orientation is: “Do good. Do well.”
